November 2021

Overview

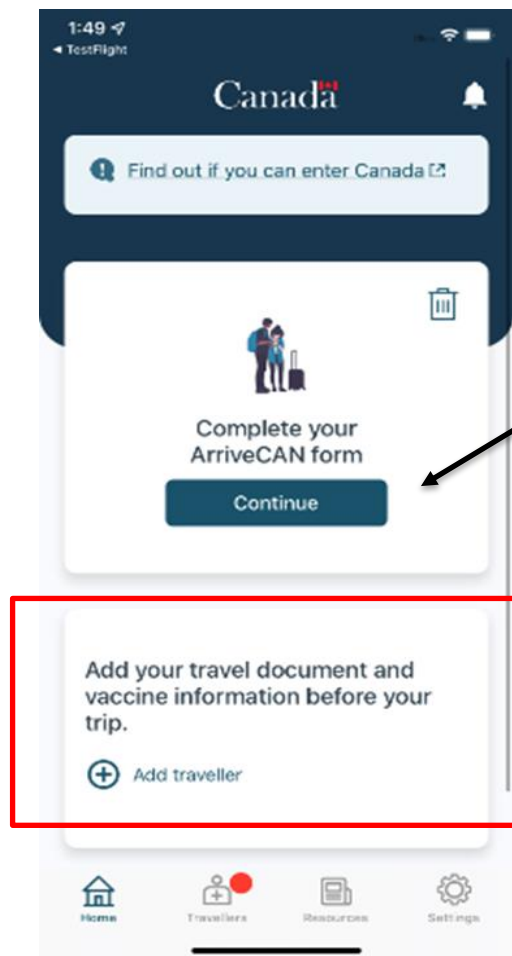

- November 30th release will include a *Saved Traveller* feature for Exempt and Non-Exempt travellers. This feature allows travellers to enter travel document and proof of vaccine (PVC) information once, to be reused on subsequent trips.
- On November 30th, exempt travellers will need to upgrade the ArriveCAN APP.
- Travellers with a reusable receipt will need to create a new reusable receipt to allow for collection of PVC information.

Saved Traveller feature

After a traveller creates and verifies their account, they will be on boarded to complete account setup.

Users are asked if they want to register the following:

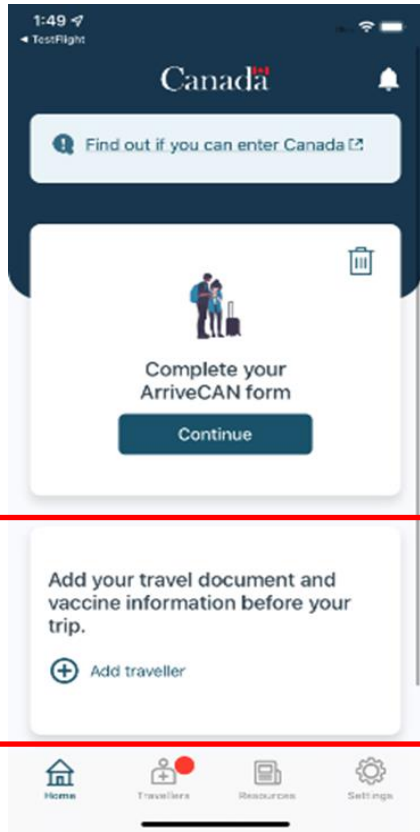

1. Travel document
2. Vaccine information

If the traveller “opts out” and selects continue, they will be taken through the ArriveCAN flow to provide travel document and vaccine information. This information will need to be entered for each trip.

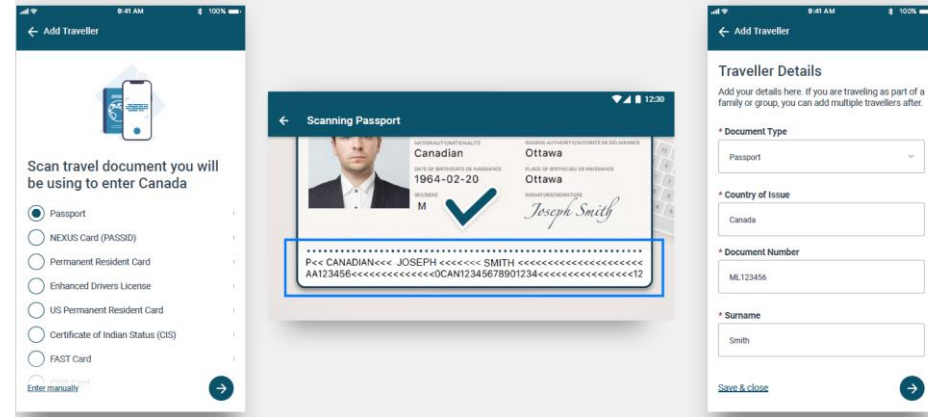

ArriveCAN for Exempt Travellers

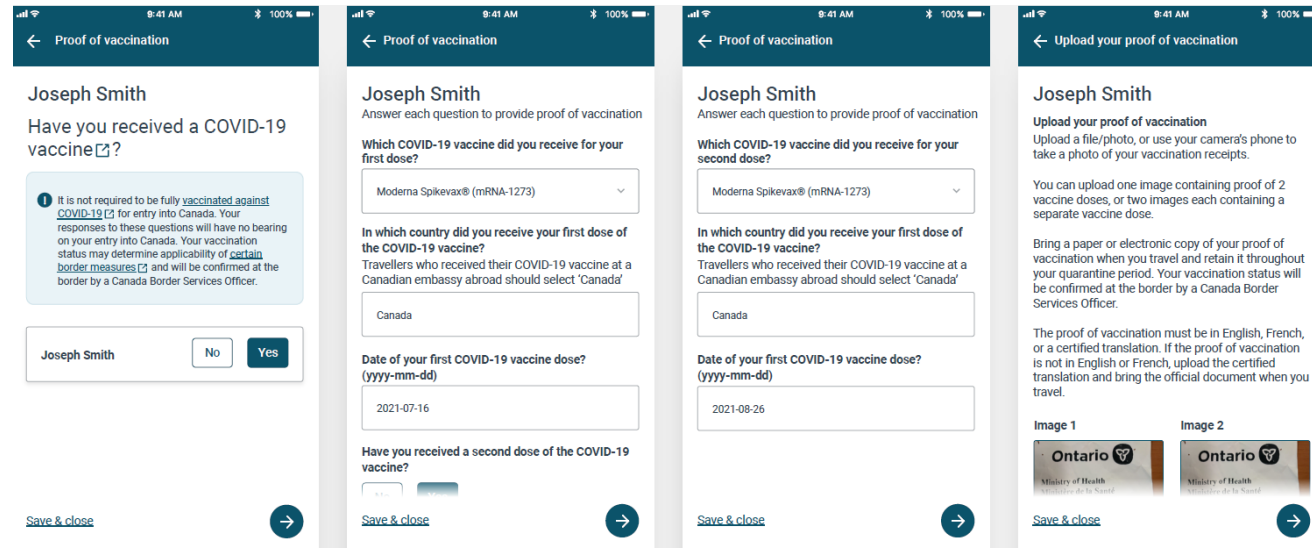

1

Add Travel Document

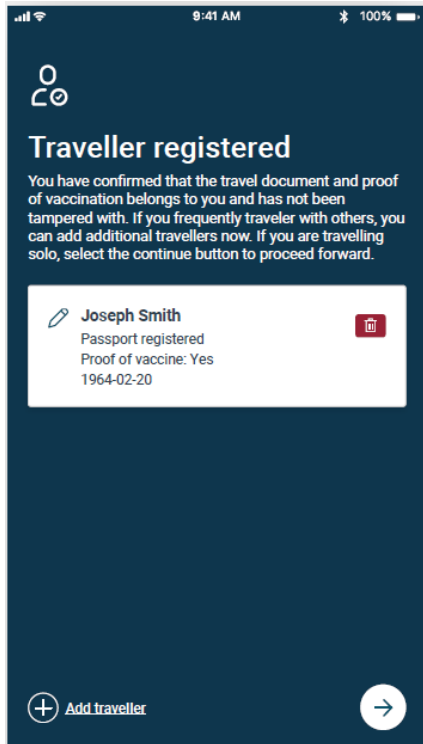

2

Add PVC

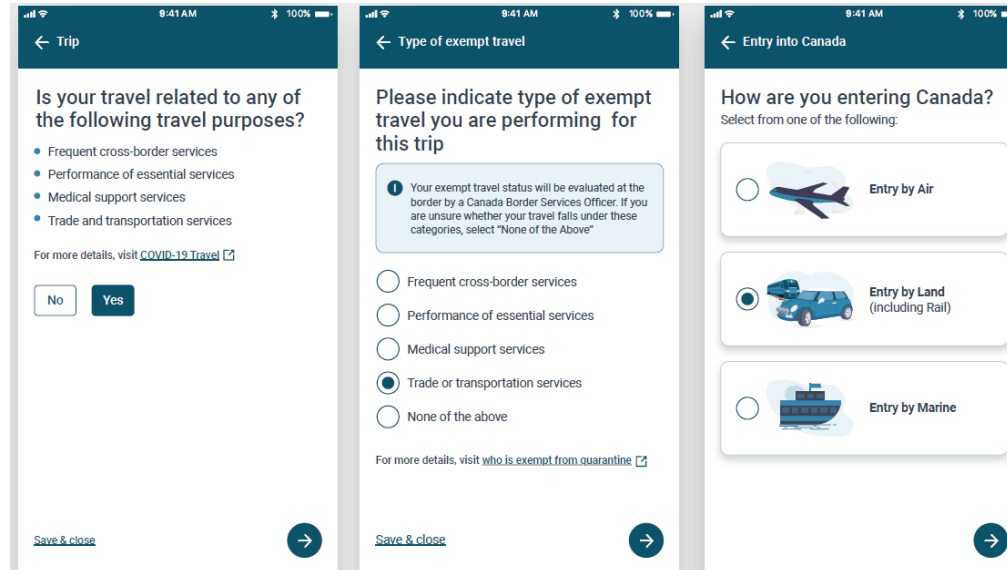

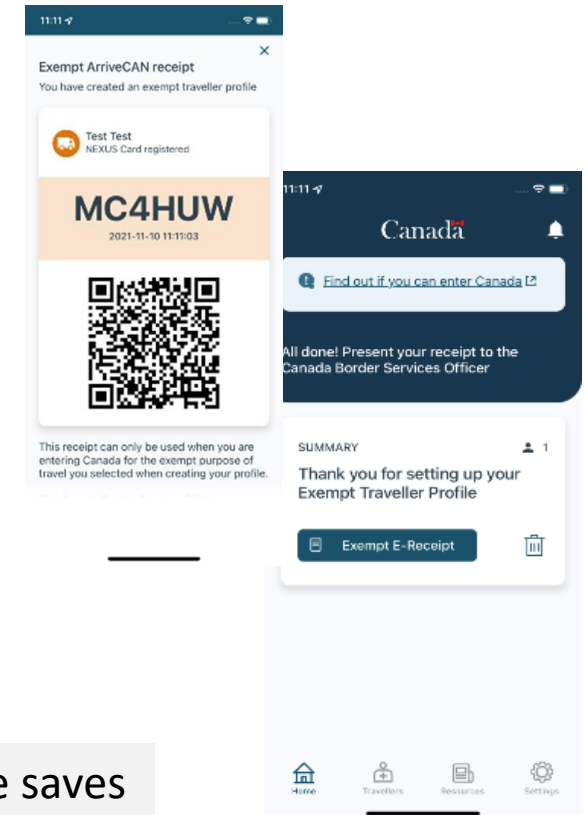

ArriveCAN for Exempt Travellers

Once the traveller is setup, they will proceed through the ArriveCAN exempt flow.

Reusable Receipt

The *Saved Traveller* feature is optional for all travellers. The feature saves data entry of travel documents and PVC information for subsequent trips.

ArriveCAN Receipt

New*

Provincial/Territorial proof of vaccination QR code authenticated
