

GUIDANCE MATERIAL FOR AIR CARRIERS

Guidance for Air Carriers in managing travellers departing from a Canadian aerodrome

This guidance material is intended to provide recommendations and guidance on the operationalization of Transport Canada's Interim Order, [*Interim Order Respecting Certain Requirements for Civil Aviation due to COVID-19*](#).

Important Caveat: Nothing in this guidance document supersedes any requirement or obligation outlined in Transport Canada's Interim Order. It is meant to complement this legal document and provide recommendations and guidance on how to understand and carry out the requirements.

OVERVIEW

This guidance material dated February 28, 2022 (V 3.1) replaces the January 28, 2022 version and includes the following updates:

- 1) Rapid Antigen Tests (RATs) are now accepted in instances where tests are required.
- 2) Some administrative updates to remove redundant information.

SECTION 1 – GENERAL

Purpose

The purpose of this document is to provide guidance to air carriers regarding the implementation of the requirements under the *Interim Order Respecting Certain Requirements for Civil Aviation Due to COVID-19* (the *Interim Order*), including those introduced as part of the Federal Vaccination Mandate, as it pertains to the management of air travellers. All travellers boarding a flight in Canada must be vaccinated unless they meet a limited exception. Advice, guidance, and sample templates are included to support air carriers in the implementation of the *Interim Order* as applicable. The information in this document concerns travellers departing Canadian airport (domestic, transborder or international flight).

Note: The Federal Vaccination Mandate only applies at specific airports, which are listed in Schedule 2 of the *Interim Order*, and [Annex I](#) of this guidance document.

SECTION 2 – OBLIGATIONS OF AIR CARRIERS

The following outlines the requirements pertaining to the management of domestic or outbound travellers from a Canadian aerodrome:

2.1 Air Carrier Notification Requirement: Air carriers are required to notify travellers departing a Canadian aerodrome that they:

- (1) must provide proof of their COVID-19 vaccination or approved exception document upon request. Please refer to [Annex A](#), which provides a sample of a notification email that can be sent to travellers to inform them of the vaccination mandate.
Note: the vaccination mandate only applies at designated airports; see [Annex I](#) for a list of airports.
- (2) must submit a request to be considered for an exception to the requirement to be vaccinated (if applicable) within the specified timeframe;
- (3) must be in possession of a mask, even if fully vaccinated (for more information on masks, please consult: [Non-Medical Masks: About](#));

February 28, 2022
V 3.1

- (4) cannot board an aircraft if they:
- are exhibiting: (1) a fever and cough; or (2) a fever and breathing difficulties, and do not have a medical certificate certifying these symptoms are not related to COVID-19;
 - have, or have any reason to suspect they have COVID-19;
 - have been denied boarding on an aircraft in the previous 10 days for medical reasons related to COVID-19; or
 - are subject to a mandatory quarantine order as a result of recent travel or because of a local or provincial health order that prohibits them from travelling.
- (5) They may be subject to a measure taken by the federal, provincial, or territorial government at the destination airport for that flight to prevent the spread of COVID-19. A summary of the provincial/territorial restrictions and Canadian federal, provincial, and territorial COVID-19 resources can be found in [Annex B](#).
- Note:** In situations where a traveller is under a mandatory quarantine order, they may still be permitted to travel based on the specific provisions of the order, providing they are symptom-free and pass the health check. For further information on the federally mandated quarantine provisions, please refer to the [Minimizing the Risk of Exposure to COVID-19 in Canada Order \(Quarantine, Isolation and Other Obligations\)](#) Emergency Order.
- (6) may be liable to a monetary penalty if they knowingly provide false or misleading information and may be subject to a monetary penalty of up to \$5,000.

Transport Canada recommends notifying travellers of the above-noted requirements during the online or in-person check-in process (see [Annex C1](#) and [Annex C2](#) for pre-board messages, and [Annex C3](#) for an example of an in-flight announcement for Canadian Domestic Flights).

2.2 Traveller Confirmation to Air Carrier: travellers must confirm that they:

- do not have or suspect they have COVID-19;
- have not been denied boarding in the previous 10 days by an air operator due to a medical reason related to COVID-19; and
- are not subject to a mandatory quarantine order as a result of recent travel or from a local or provincial health order that does **not permit them to travel**.
- They are in possession of a mask (or have a medical certificate stating a reason why they cannot wear a mask) and must wear the mask even if fully vaccinated.
- They understand that they may be subject to a provincial, territorial, or federal government measure to prevent the spread of COVID-19 when travelling to and within Canada.

2.3 Air carriers must implement a process for approving/denying exceptions:

Air carriers are required to have a process in place to assess, approve or deny exception requests (requirement to be fully vaccinated to travel by air) from travellers and to notify them if their application has been approved or denied for the following circumstances:

February 28, 2022
v 3.1

- Medical inability to be vaccinated;
- Sincerely held religious belief; or
- Essential medical services and treatment.

Air carriers must keep a record of the number of requests for exceptions received, and the number of approvals/denials that were issued. The records must be kept for 12 months and made available to the Minister of Transport upon request. A copy of the request made by the traveller must also be kept for 90 days and made available to the Minister upon request. For more details on reporting requirements, please refer to the [SUPPLEMENTARY BULLETIN – INTERIM ORDER RESPECTING CERTAIN REQUIREMENTS FOR CIVIL AVIATION DUE TO COVID-19 \(SSCIMS 133469\)](#).

Note: 705 operators to report using the Electronic Collection of All Transportation Statistics (ECATS).

2.4 Boarding Process - Requirements for AIR CARRIERS:

In addition to ensuring that travellers have a mask in their possession and are free of any visible symptoms of COVID-19, air carriers must verify proof documents to ensure all travellers are either fully vaccinated (by the Canadian definition) or have an approved exception (note: the federal vaccination mandate only applies at specified airports; see [Annex I](#) for a list of airports).

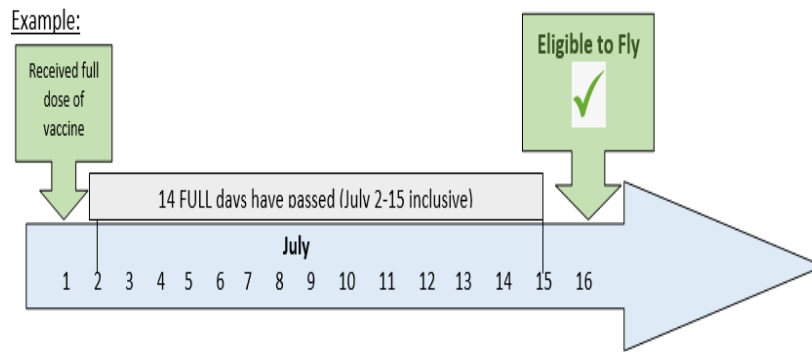

It should be noted that there are exceptions that require pre-approved by the air carrier. These include: travellers who are **medically unable to be vaccinated**, with **sincerely held religious beliefs** and who must obtain **essential services or attend a medical appointment**. Other traveller exceptions are in place that do not require pre-approved by the air carrier include but not limited to: travelling at the request of the Minister of Health, those who have a temporary resident visa, and coming for diplomatic affairs.

Below are examples of possible scenarios for travellers with proof of vaccinations and exceptions.

2.4.1 Scenario #1 - Verification - Elements for the proof of vaccination

Air carriers are required to verify the following elements, for all travellers 12 years of age + 4 months and older:

- Full name (family name and given name(s)) of the person who received the vaccine;
- The name of the government / non-government entity who issued the proof document;
- The manufacturer of the vaccine and number of doses (refer to: [COVID-19 vaccinated travellers entering Canada - Travel restrictions in Canada – Travel.gc.ca](#) for information on the accepted vaccines/regimens).
- The date the traveller received their last dose. This date must be at least 14 full days prior to their date of travel. For example, if the last dose was administered on Thursday July 1, then Friday July 16 would be the first day that the traveller would meet the 14-day condition).

Note: the proof of vaccination can be presented in paper or digital copies, and **must** have been issued in English or French otherwise a certified translation is required.

Federal Proof of Identification and Provincial Proof of Vaccination

There may be circumstances in which the name on the proof of identification does not match the name on the provincial or territorial proof of vaccination. For example, in the province of Quebec a female’s name at birth may appear on the proof of vaccination, while their married name may appear on a federal identification document such as a passport. Other examples include those from remote or Indigenous communities where formal identification can be more challenging to obtain. Please note that the air carrier, in these cases, has flexibility to accept a proof of vaccination that does not perfectly match a traveller’s identification documents, as long as the traveller is able to establish their vaccination credential through other means (e.g., health card or letter from Indigenous community leader).

2.4.2 Scenario #2 – Verification of exception documentation + COVID-19 test

Under this scenario, a traveller will present the exception documentation for either a medical contraindication, religious belief or for essential service/medical appointment (including escorts) issued by the air carrier indicating approval of the exception.

The following elements must be included in the COVID-19 test result for travellers 12 years of age plus 4 months and older:

- **COVID-19 Molecular Test**
 - a **negative** COVID-19 molecular test result performed by an accredited laboratory or testing provider within 72 hours of the initial scheduled departure time OR
 - a **previous positive** test result taken at least 10 calendar days and no more than 180 calendar days before your initial scheduled departure time. Counting starts the day following the day of testing.

Example: a traveller who takes a test on February 1 will be eligible to fly on February 11.

Date of Test: February 1

- Day 1: February 2

February 28, 2022
v 3.1

- Day 2: February 3
- Day 3: February 4
- Day 4: February 5
- Day 5: February 6
- Day 6: February 7
- Day 7: February 8
- Day 8: February 9
- Day 9: February 10
- Day 10 - Eligible to fly - February 11**

- **COVID-19 Antigen Test**

- A **negative** antigen test performed by an accredited laboratory or testing provider no more than one calendar day before the initial scheduled departure time; or
 - Example: a traveller would be eligible to travel at any time on March 2 if they have a valid rapid antigen test result from March 1.

Self-administered tests: Self-administered molecular test and antigen test results are also accepted. The test must be observed by an authorized entity, the results are verified, and the requirements noted above are followed. Positive antigen test results are not accepted regardless of whether they are performed or observed by authorized entity.

2.4.3. Scenario #3 – Other exceptions (not approved by the air carrier)

In some cases, the traveller will present documents indicating they meet other exceptions as noted below. A valid COVID-19 test result that meets the criteria noted above must also be presented. These exceptions may include:

- **Transiting foreign nationals** – the proof document is their boarding pass that indicates their onward travel is within 24 hours of their scheduled flight to Canada.
- **Foreign Nationals leaving Canada** – a boarding pass which indicates a foreign national is boarding a flight in Canada for the purposes of travelling out of Canada (e.g., returning home) is required.
- **Person invited by Minister of Health** – a document from the Minister of Health indicating that this person was invited to assist with the response efforts to COVID-19.
- **Person delivering emergency services** - a document from a government or non-government entity indicating the traveller was asked to enter Canada to deliver emergency services (paragraph 186 (t) of the *Immigration and Refugee Protection Regulations*).
- **Person who has been issued a permanent resident or temporary resident visa** - a document from the Department of Immigration, Refugees and Citizenship Canada that confirms the traveller has been issued a permanent resident visa or temporary visa.

February 28, 2022
v 3.1

- **Diplomatic/Consular Affairs** – a document confirming the traveller is travelling for diplomatic or consular affairs and has a D1, O1, or C1 visa, and is travelling for a purpose related to diplomatic or consular affairs.

Note: other exemptions are in place which may apply to the traveller. In these cases, they would need to have supporting documentation, specific to their circumstance.

Reporting to Transport Canada: False or Misleading Information

If the air carrier suspects that the traveller has provided false or misleading information relating to a proof of vaccination document, an exception document managed by the air carrier or a COVID-19 test result, Transport Canada is to be notified within 72 hours. The following information is to be included:

- the person’s name;
- contact information (home address, telephone number, email address);
- date and flight number; and
- description of the potential non-compliance issue.

For more details, please refer to [Supplementary Bulletin – Interim Order Respecting Certain Requirements for Civil Aviation due to COVID-19 \(SSCIMS #133469\)](#).

2.5 Onward Travel Domestically

The following summarizes the requirements, with some exceptions, for onward travel:

Type of Traveller	Onward/domestic travel rules
Fully vaccinated traveller	✓ permitted onward travel
Unvaccinated Canadian Citizen, permanent resident or a person registered under the <i>Indian Act</i> *	X no onward travel permitted
Unvaccinated foreign nationals (who are allowed entry into Canada)	✓ permitted onward travel (within 24 hours of the scheduled departure of their flight to Canada).

***Air carriers are not to issue domestic boarding passes to Canadian citizens, permanent residents, and persons registered under the *Indian Act* if they are not fully vaccinated.**

2.6 Denial of boarding

Air carriers are required to deny boarding in the following circumstances:

1. If a traveller fails to provide their proof of vaccination, or proof that they meet an exception (with a valid COVID-19 test result where applicable).

Air carriers must also keep a record of any denials of boarding due to lack of proof of vaccination or valid COVID-19 test result. Records are to be made available to Transport Canada on request and retained for at least 12 months.

The records must include:

- Person’s name;
- Contact Information (home address, telephone number and email address);
- Date and flight number; and

February 28, 2022
v 3.1

- Circumstances related to the refusal to comply.

For more details, please refer to [Supplementary Bulletin – Interim Order Respecting Certain Requirements for Civil Aviation due to COVID-19 \(SSCIMS #133469\)](#) for further information on reporting schedules.

2. If the air operator observes an air traveller with COVID-19 symptoms, the air operator will be required to deny boarding for travel for a period of 10 days or until a medical certificate is presented that confirms that the symptoms that the person is exhibiting are not related to the COVID-19 virus.
3. The air carrier is also required to deny boarding if the air traveller:
 - does not pass the health check;
 - does not have a mask in their possession, unless a medical certificate is provided);
or
 - refuses to comply with an instruction given by a crew member or gate agent with respect to wearing a mask.

Note: travellers who are under a quarantine order are NOT to be denied boarding in the case where the order has provisions that allow them to travel, as long as they meet all other requirements (e.g., are symptom-free and pass the health check). For further information on the federally mandated quarantine provisions, please refer to the *Minimizing the Risk of Exposure to COVID-19 in Canada Order (Quarantine, Isolation and Other Obligations)* Emergency Order.

If a denial of boarding situation occurs, the air operator should follow these steps:

1. **Provide explanation for future travel** – Air carriers will explain to air travellers who are denied boarding, based on the health check or observation of symptoms, that they will need to wait 10 days before they are able to fly or that they will need to provide a medical certificate indicating the symptoms that they are exhibiting are not related to the COVID-19 virus.
2. **Advise air travellers to follow local health authority guidance related to COVID-19** – Air carriers should advise air travellers who have been denied boarding due to COVID-19 symptoms to follow the guidance/direction from their provincial/territorial health authorities for dealing with COVID-19.

2.7 In-flight – To be conducted as appropriate in accordance with the *Interim Order*:

- Air carriers must require crew members and travellers to wear a mask during the flight, even if they are fully vaccinated.
- If, during a flight, a traveller refuses to comply with an instruction given by a crew member with respect to wearing a mask, the air operator must inform Transport Canada of the incident as soon as possible (generally expected within 24-48 hours after the incident or sooner), keep

February 28, 2022
v 3.1

a record of the incident for a period of 12 months and provide a copy of the record to the Minister upon request the:

- date and flight number;
- traveller's name and contact information, including the person's date of birth, home address, telephone number and email address;
- traveller's seat number on the flight; and
- circumstances related to this refusal to comply.

Ensuring this information related to the incident is as complete and accurate as possible will be essential in facilitating Transport Canada's ability to conduct a suitable investigation. Having the support and assistance of air carriers in this process will be key to ensuring there is sufficient evidence to take enforcement action, if required.

2.8 Deplaning process (Domestic flights only) – to be conducted upon landing:

- Air carriers are to advise travellers that they are required to wear a mask during the deplaning process. While there is no requirement from Transport Canada for travellers to wear a mask while deplaning at a location outside of Canada, please note that the department strongly recommends this practice, in accordance with ICAO CART recommendations (<https://www.icao.int/covid/cart/Pages/default.aspx>).

SECTION 3 - EXCEPTIONS/ACCOMMODATIONS TO THE FEDERAL VACCINATION MANDATE

There are limited exceptions and few exemptions to the requirement for a traveller to be fully vaccinated. Please refer to [Annex D](#) for a decision-making tool to assist air carriers in navigating the exceptions and exemptions that are in place related to the federal vaccination mandate.

The following exceptions are noted directly in the *Interim Order*:

3.1: Air Carrier Administered Temporary Exceptions for Passengers

Travellers must apply directly to the air carrier in advance of their flight to be considered for the following set of limited exceptions to the vaccination mandate, in order to obtain the necessary approval documents.

- Medical inability to be vaccinated
- Sincerely held religious belief
- Essential medical services and treatment (including those requiring an escort)

Travellers must provide the following information to the air carrier to apply for these exceptions:

- Name of person seeking exception
- Address of person seeking exception
- Name and address of person making the request (if different from the person seeking the exception)
- The date of the flight (s)

February 28, 2022
v 3.1

- The aerodrome of departure
- The aerodrome of arrival
- The flight(s) number

For travellers claiming a **medical contraindication**, the form must be signed by a medical doctor or nurse practitioner indicating that the person seeking the exception cannot complete a COVID-19 vaccination regimen due to a medical condition. The license number of either the medical doctor or nurse practitioner must also be provided. This request must be made by the traveller 21 days in advance of the scheduled departure date, however, should air carriers be able to process the request in a shorter timeframe that is at their discretion. Please see [Annex E](#) for a sample form that the air carrier can use to collect this information from travellers.

For travellers claiming a **sincerely held religious belief**, the form must be signed by a person appointed as a Commissioner of Oaths in Canada and must include a description of how the belief renders them unable to be vaccinated. This request must be made by the traveller 21 days in advance of the scheduled departure date, however, should air carriers be able to process the request in a shorter timeframe that is at their discretion. Please see [Annex F](#) for a sample form that the air carrier can use to collect this information from travellers.

For travellers claiming the need to **travel for an essential medical service or appointment**, the documentation must include: the signature of a medical doctor or nurse practitioner who is licensed to practice in Canada and their accompany licence numbers, the date and location of the appointment/essential service, the date on which the document was signed and an indication if an escort is required (if yes, the name and contact information of this person is required and the reason the accompaniment is required (e.g., the person is under 18 years of age, has a disability, or needs assistance communicating). This request must be made by the traveller 14 days in advance of the scheduled departure date; should air carriers be able to process the request in a shorter timeframe that is at their discretion. Please see [Annex G](#) for a sample form that the air carrier can use to collect this information from travellers. Also, please refer to [Annex H](#) for an information sheet that can be provided to travellers.

For more detailed information, please refer to the - [Guidelines on requirements coming into force on November 30, 2021 – Common Content Considerations for Passengers \(SSCIMS #133389\)](#).

3.2: Other exceptions that do not require pre-approval in advance from an air carrier but requires a COVID-19 test result.

In the cases where the traveller presents proof of documentation to support the following exceptions, they must also have a valid COVID-19 test result:

- 1) **Foreign Nationals:** a foreign national leaving Canada to return home or to go to another country is not required to be fully vaccinated to board an aircraft. This provision allows foreign nationals to leave Canada to return home or to continue travelling as the intent of the federal vaccination mandate is not to strand foreign nationals in Canada. However, given the highly publicized rules that are now implemented, it is expected that this exception will only be in place until **August 31, 2022**, at which time it is anticipated that all foreign nationals would

February 28, 2022
v 3.1

need to be fully vaccinated to board a flight in Canada, whether travelling domestically or internationally.

- 2) **International to Domestic Travel (foreign nationals only):** Under the Public Health Agency of Canada Orders in Council for entry, certain foreign nationals who arrive from an international or transborder last point of departure will be allowed to enter Canada without being fully vaccinated. In this instance, and to allow coherence between the international entry measures and the Transport Canada domestic rules, foreign nationals who are permitted to enter Canada are also allowed to connect to a flight to travel elsewhere within Canada without having proof of vaccination. In that instance, where the unvaccinated foreign national can demonstrate continuous travel (same 24-hour period as their international inbound flight), they will be allowed to use their boarding pass (from their inbound journey) in lieu of proof of vaccination to board a domestic connecting flight.

Example: a foreign national flying from London, England with a scheduled departure at 06:00 arriving in Toronto at 12:00, and then a connecting to a flight from Toronto to Ottawa scheduled to depart at 17:00, should be allowed onward travel. The foreign national would need to show their boarding pass in lieu of proof of vacation since their inbound flight was at 06:00, and their connecting domestic flight is at 17:00 (within 24 hours). Operators should ensure they are calculating the 24 hours based on a single time zone (e.g., GMT) for both the schedule departure to Canada and the scheduled departure of the connecting flight in Canada.

- 3) **A person invited by the Minister of Health to assist with COVID-19 response** - A person who has been asked by the Minister of Health to assist with COVID-19 response efforts is not required to be fully vaccinated. However, they must provide a valid COVID-19 test result and have a letter from the Minister of Health to present to the air carrier when boarding the flight.
- 4) **A person who provides emergency services** (entering Canada to deliver these services) –those travelling for the distinct purpose of delivering emergency services are not required to be fully vaccinated. However, they must provide a valid COVID-19 test result and have document from a government or non-government entity indicating that the traveller was asked to enter Canada to deliver emergency services.
- 5) **A person who has been issued a permanent resident visa or a temporary resident visa** –a traveller who has been issued a permanent resident visa is not required to be fully vaccinated. However, they must provide a valid COVID-19 test result and present a document from Immigration, Refugees and Citizenship Canada (for new permanent residents, a *Confirmation of Permanent Residence* document for example) confirming the traveller has been issued a permanent resident visa.
- 6) **Diplomatic/Consular affairs** – a person travelling for the purposes of diplomatic or consular affairs (e.g., an accredited person, a person holding a D1, O1, or C1 visa who is taking up post to become an accredited person, or a diplomatic or consular courier) is not required to be fully vaccinated. However, they must provide a valid COVID-19 test result and present a document confirming they are boarding the aircraft for the purposes of diplomatic or consular affairs.

3.3 – Exemptions

In addition to the exceptions noted within the *Interim Order*, Transport Canada is also issuing the following **exemptions** (e.g., outside of the *Interim Order*). Please note that official details are available in each specific exemption document that is available in Transport Canada's Secure Supply Chain Information Management System (SSCIMS). Should you require access to SSCIMS, please contact the Aviation Security inbox: TC.AviationSecurity-Sureteairienne.TC@tc.gc.ca.

1. **Inmates / Deportations / Extraditions** – An inmate or person subject to an extradition or deportation order who needs to board a flight at a specified airport (see [Annex I](#) for the list of specified airports) are exempted from the requirement to be fully vaccinated or to present a COVID-19 test result, only if they refused to be vaccinated or to be subjected a COVID-19 test (i.e., they were offered both options to be tested or to be vaccinated and outright refused). They must follow all other COVID-19 measures that are in place such as: must be asymptomatic; wearing a mask; and confirming that they: 1) do not have or suspect they have COVID-19; 2) have not been denied boarding in the past 10 days for a medical reason related to COVID-19; and 3) are not currently supposed to be quarantining based on the direction of local or provincial health orders. If they refuse to provide the confirmation themselves, their escort will provide the information to the air carrier that the inmate/subject to an extradition or deportation order, have refused vaccination and/or a COVID-19 test result, and confirmed to the air carrier what they are refusing to confirm to be allowed on board. For specific details please refer to [Aviation Security exemption No. C2021-154 - Boarding of persons in Canadian Correctional Service, Canadian Border Services or Law Enforcement Agency/ police force custody, including inmates and those subject to an extradition or deportation order, who have not been vaccinated and who refuse to submit to COVID-19 \(SSCIMS # 133523\)](#).
2. **Other Exemptions** – the following cohorts of travellers are considered exempt from the requirement to be fully vaccinated or provide a COVID-19 test result, due to the contextual circumstances. These include:
 - [Child custody arrangements](#) - where children are travelling and are unvaccinated, without a COVID-19 test result, per the arrangement set out in a custody agreement.
 - [Medical emergencies](#) – in the event of a life-threatening situation, a traveller from a remote community will be exempt from the requirement to be fully vaccinated or to provide a pre-departure COVID-19 test result. A medical document outlining the situation will be required from a licensed medical practitioner.
 - [Exemption for Provincial / Territorial directed quarantine](#) – A traveller who must adhere to a quarantine prior to entering a specific province or territory (e.g., Nunavut) is exempt from the requirement to be fully vaccinated or present a valid COVID-19 test result at the time of boarding. This reason is because the traveller will have already quarantined for a sufficient period of time, which reduces the possibility of exposing others to COVID-19. In such cases, at the time of boarding the traveller must present valid government-issued documentation (e.g., letter) to support recognition of quarantine provisions.

February 28, 2022
v 3.1

- Exemption when passengers do not disembark the aircraft (for remote communities) – if travellers from a remote community are on a flight that makes stops at specified airports, but the travellers do not disembark from the plane, they are not required to show proof of vaccination or have a valid COVID-19 test result to board their flight.

For more details, please see [Aviation Security Exemption C2021-151 - Specific cohorts of individuals who have not been vaccinated and who do not have a COVID-19 test result \(SSCIMS # 133926\)](#).

- 3. Remote Communities (self-administered testing procedure)** – An exemption will be provided to those travelling to and from remote communities that are unvaccinated and not able to present a valid COVID-19 test result to obtain essential services, medical care, or for social welfare reasons. These travellers will be authorized to take a rapid self-administered COVID-19 molecular test at the airport, prior to any onward domestic travel, or returning to their remote community. The air carriers will be required to attest that they have seen the negative COVID-19 test result and they will provide the traveller with a document indicating the test result will be valid for 72 hours. If the test result is positive, they are to be denied boarding. For more details, please see [Aviation Security Exemption C2021-152 – Individuals from a remote community in Canada who have not been vaccinated and who do not have a COVID-19 test result when boarding a flight operated within Canada – When using COVID-19 rapid self-administered molecular tests \(SSCIMS # 133960\)](#) and industry guidance regarding COVID-19 self-test kits for passengers travelling to and from remote locations (SSCIMS # 132788).
- 4. Remote Communities (lack of availability of test kits)** – Where a traveller is travelling to or from a remote community and is not fully vaccinated or in possession of a COVID-19 test result, and no rapid test kits are available at the airport, they are exempt and can continue their journey. For more details, please see [Aviation Security Exemption C2021 – 153 Individuals from a remote community in Canada who have not been vaccinated and who do not have a COVID-19 test result when boarding a flight operated within Canada – When no COVID-19 rapid self-administered molecular tests are available \(SSCIMS #133961\)](#) and the Guidance for Industry regarding COVID-19 self-test kits for passengers travelling to and from remote locations, that is available on SSCIMS.
- 5. Data Elements for Proof of Vaccination** - An exemption is in place to allow air carriers to board travellers who show proof of vaccination from their respective province or territory (or designated entity who issued the proof of vaccination) that does not contain all the necessary data elements as required by the *Interim Order* (i.e., name, issuing body, type of vaccine, and date the final dose of the regimen was administered). This is to allow time for travellers to adjust to the new vaccination mandate and for provinces and territories to make the new Canadian proof of vaccination available. If a traveller presents a proof of vaccination, but without all the required data elements, the air carrier is not required to deny boarding of the individual on any flight leaving Canada for the 72-hour period. The air carrier will be required to record these instances and provide this information to Transport Canada, as per the specifications in the exemption document. For more details, please refer to [Aviation Security Exemption No. C2021-157 - Individuals with a Proof of Vaccination that does not have all of the necessary data elements \(SSCIMS # 133931\)](#).

February 28, 2022
v 3.1

6. **National Interest Exemption** - Effective November 30, 2021, Transport Canada will use a digital platform for its **domestic** National Interest Exemption Program (NIEP). Transport Canada will maintain an application and review process for granting authorizations to individuals in the national interest for domestic and outbound travel. Under this Program, individuals would only be approved to travel unvaccinated if it is in Canada’s national interest and/or to support critical infrastructure needs and/or when there is a compelling situation that merits an exemption from the vaccine mandate (<https://vaccine-exemption.tc.canada.ca>).

For more details, please refer to the guidance on exemptions found in the following document: [Guidelines on requirements coming into force on November 30, 2021 – Common Content Considerations for Passengers \(SSCIMS #133389\)](#).

Section 4 - Air carrier assistance

The following are different ways to seek assistance from Transport Canada as the requirements under the federal vaccination mandate are being operationalized.

Circumstance	Contact Information
General air carrier questions (non-urgent)	Aviation Security inbox: TC.AviationSecurity-Sureteaerienne.TC@tc.gc.ca
Urgent issue happening on the ground and your Air carrier’s HQ/Support Center doesn't have an answer	Contact the Transport Canada Situation Centre: 1-888-857-4003
Where to direct your travellers for information or to ask questions	Service Canada: 1-800-O-CANADA (1-800-622-6232) This link can also be provided to direct travellers to Service Canada: https://www.canada.ca/en/contact/contact-1-800-o-canada.html

ANNEX A – SAMPLE EMAIL TO TRAVELLERS

Subject: Federal Vaccine Mandate – all travellers must be vaccinated to board a plane at Canadian airports

Hello,

Thank you for booking your flight with [insert name of air carrier].

Please be advised that Transport Canada is mandating that all travellers 12 years of age plus 4 months and older that are departing a Canadian Airport, for travel within Canada or abroad, to be fully vaccinated to enter the restricted area of an airport and subsequently to board their flight. There are limited exceptions to this requirement.

To be considered fully vaccinated, you must have been vaccinated with one of the Public Health Agency of Canada’s approved vaccine regimens. Please refer to the following link: [COVID-19 Vaccines: Authorized vaccines - Canada.ca](#) for more information.

Proof of vaccination will be required during your travel journey, so be sure to have your documentation readily available. The documentation can be digital or in a paper form; however, you are encouraged to have a paper copy as a back-up to your digital proof. If you do not have proof of vaccination you risk being denied boarding.

There is a process in place for travellers to submit an exception request to the air carrier, if any of the following situations apply:

- Medical inability to be vaccinated
- Sincerely held religious belief
- Essential medical services and treatment

More information on exemptions for passengers is available here: [COVID-19 Boarding flights, trains and cruise ships in Canada – Travel restrictions in Canada – Travel.gc.ca](#)

Please be advised that travellers who knowingly provide false or misleading information may be subject to a monetary penalty.

Please visit [travel.gc.ca](#) for more details.

v 3.1

ANNEX B: PROVINCIAL/TERRITORIAL RESTRICTIONS

Please note that provincial and territorial information changes on a frequent basis. It is recommended that the following provincial/territorial government websites be consulted to obtain the latest travel information:

Province/Territory	Provincial / Territorial Web link
Alberta	Travellers should consult Alberta COVID-19
British Columbia	Travellers should consult British Columbia COVID-19
Manitoba	Travellers should consult Manitoba COVID-19
New Brunswick	Travellers should consult New Brunswick COVID-19
Newfoundland and Labrador	Travellers should consult Newfoundland and Labrador COVID-19
Northwest Territories	Travellers should consult Northwest Territories COVID-19
Nova Scotia	Travellers should consult Nova Scotia COVID-19
Nunavut	Travellers should consult Nunavut COVID-19
Ontario	Travellers should consult Ontario COVID-19
Prince Edward Island	Travellers should consult Prince Edward Island COVID-19
Quebec	Travellers should consult Quebec COVID-19
Saskatchewan	Travellers should consult Saskatchewan COVID-19
Yukon	Travellers should consult Yukon COVID-19

Available COVID-19 Resources:

Government of Canada: 1-833-784-4397 or visit www.canada.ca/coronavirus

Provincial and territorial:

Alberta: 811	British Columbia: 811	Manitoba: 1-888-315-9257
New Brunswick: 811	Newfoundland and Labrador: 811 or 1-888-709-2929	Northwest Territories: 811
Nova Scotia: 811	Nunavut: 1-888-975-8601	Ontario: 1-866-797-0000
Prince Edward Island: 811	Quebec: 1-877-644-4545	Saskatchewan: 811
Yukon: 811		

ANNEX C1: PRE-BOARD NOTIFICATION TO DOMESTIC TRAVELLERS

The pre-board notification process can be done at automated check-in kiosks, by agents at the check-in counter, or any other means, at the discretion of the air operator; however, it is recommended that the traveller be made aware of the requirement to have a mask in their possession prior to arriving at the airport.

PRE-BOARD NOTIFICATION TO DOMESTIC TRAVELLERS

The Government of Canada, along with provincial and territorial authorities, has put measures in place to manage the spread of COVID-19.

Please be advised that all travellers 12 years of age plus 4 months and older must be fully vaccinated to board a flight at most airports in Canada, unless they meet a limited exception.

Additionally, even if vaccinated, all travellers are required to have a removable mask to cover their mouth, nose, and chin to prevent the spread of COVID-19, even if you are fully vaccinated. Failure to comply with wearing a mask may result in the traveller receiving a fine and being denied boarding.

As a reminder, no person should board a flight when they are feeling ill as this could potentially put others at risk. Should symptoms such as a fever, cough or difficulty breathing develop while in flight, please notify a crew member immediately.

When arriving at your destination, you may be subject to further measures taken by the provincial or territorial government to prevent the spread of COVID-19. Please remember it is your responsibility to be familiar with potential restrictions at your final destination.

It is important to understand that providing false or misleading information could result in a maximum fine of \$5,000.

Stay safe and be informed about COVID-19 measures from Canadian national, provincial and territorial health authorities that apply in the region where you are heading.

ANNEX C2: PRE-BOARD NOTIFICATION TO TRAVELLERS DEPARTING CANADA

The pre-board notification process can be done at automated check-in kiosks, by agents at the check-in counter, or any other means, at the discretion of the air operator; however, it is recommended that the traveller be made aware of the requirement to have a mask in their possession prior to arriving at the airport.

PRE-BOARD NOTIFICATION TO TRAVELLERS DEPARTING CANADA

The Government of Canada has put measures in place to manage the spread of COVID-19.

Please be advised that all travellers 12 years of age plus 4 months and older must be fully vaccinated to board a flight at most airports in Canada, unless they meet a limited exception.

All travellers, even if vaccinated, are required to have a removable mask to cover their mouth, nose, and chin to prevent the spread of COVID-19. Failure to comply with wearing a mask may result in the traveller receiving a fine and being denied boarding.

As a reminder, no person should board a flight when they are feeling ill as this could potentially put others at risk. Should symptoms such as a fever, cough or difficulty breathing develop while in flight, please notify a crew member immediately.

Prior to your return to Canada, it is recommended that you pre-register for an on-arrival COVID-19 test to avoid lengthy lines and processing delays, should you be selected for testing upon arrival. Information can be found at travel.gc.ca/testing.

It is important to understand that providing false or misleading information could result in a maximum fine of \$5,000.

Stay safe and be informed about COVID-19 measures from Canadian national, provincial and territorial health authorities that apply in the region where you are heading.

ANNEX C3: IN-FLIGHT ANNOUNCEMENT FOR A CANADIAN DOMESTIC FLIGHT

In light of the global pandemic related to COVID-19, the Government of Canada, in cooperation with provincial/territorial public health authorities, has put in place important measures to help limit the spread of COVID-19 in Canada. P

Please be advised that all travellers 12 years of age plus 4 months and older must be fully vaccinated to board a flight at most airports in Canada, unless they meet a limited exception.

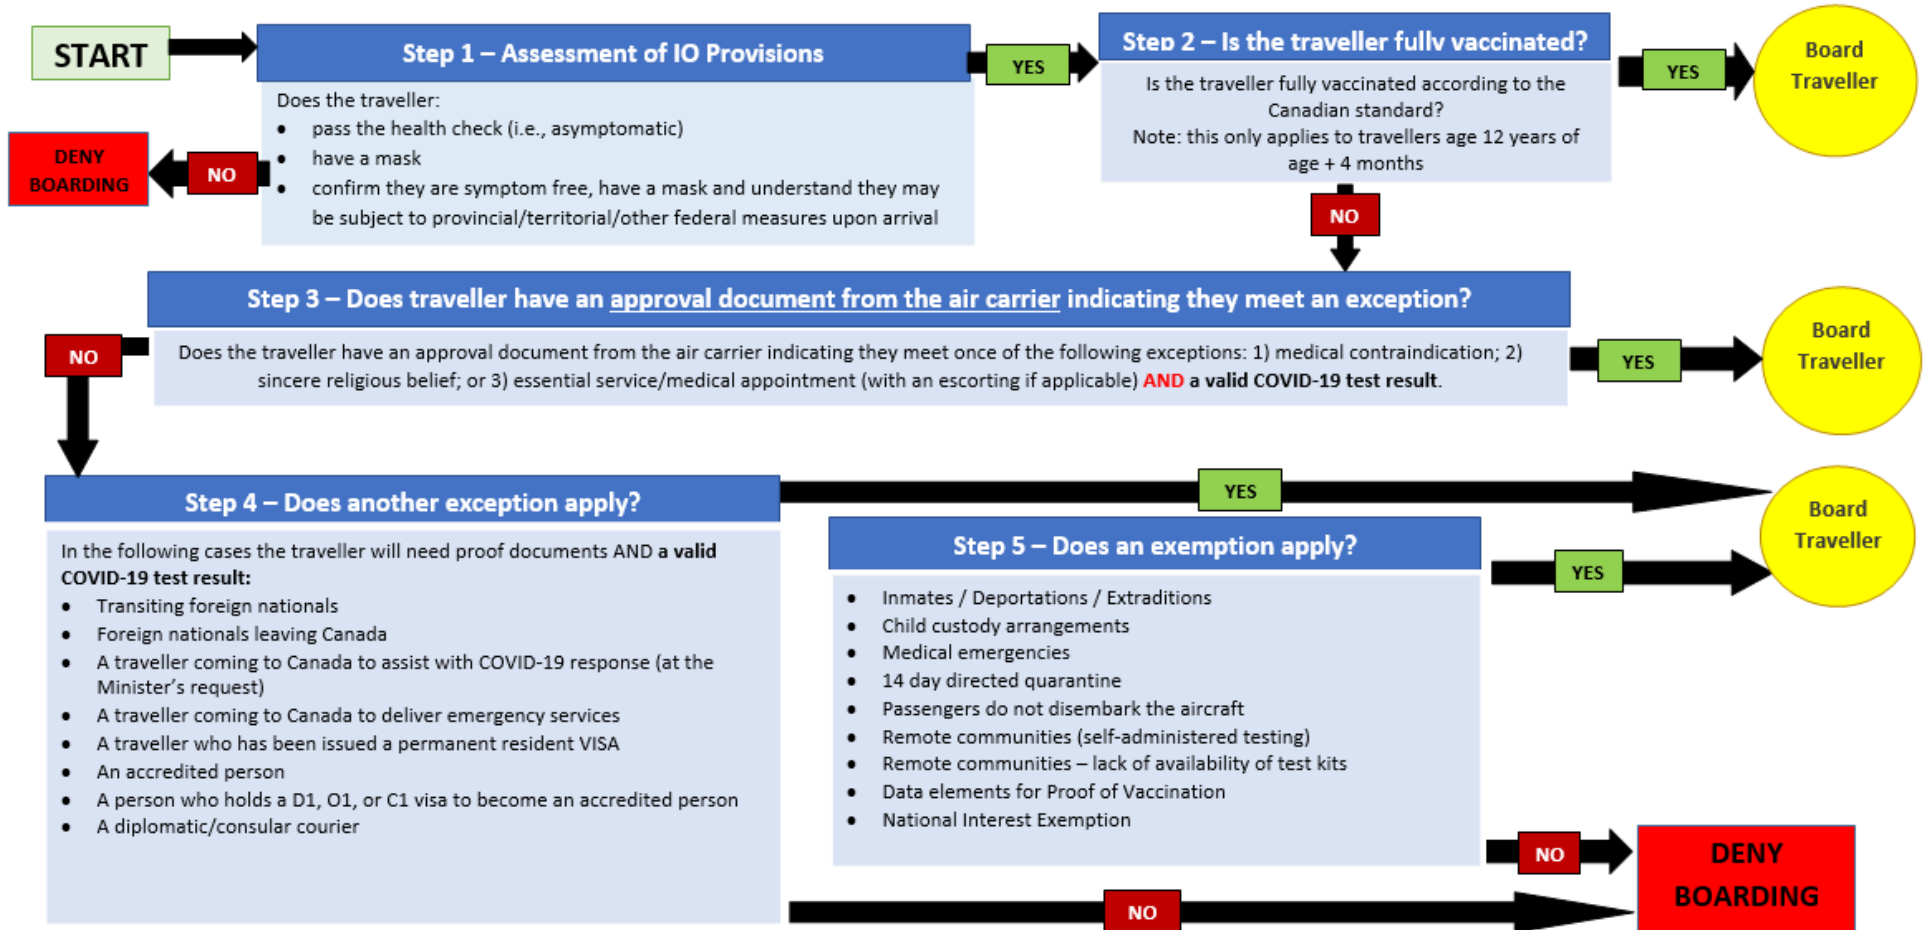

Prior to your return to Canada, it is recommended that you pre-register for an on-arrival COVID-19 test, to avoid lengthy lines and processing delays. Information can be found at travel.gc.ca/testing.

Travellers are also reminded that they must use their mask during their journey, regardless of their vaccination status. Upon landing, travellers will be required to wear their mask when gathering their belongings and leaving the aircraft, and until they are outside the air terminal building.

Stay safe and be informed about COVID-19 measures from Canadian national, provincial and territorial health authorities that apply in the region where you are heading.

ANNEX D – DECISION-MAKING TOOL TO ASSIST AIR CARRIERS – BOARD/NO-BOARD ASSESSMENT FOR TRAVELLERS BOARDING A FLIGHT AT A SPECIFIED AIRPORT

FEDERAL VACCINATION MADNATE: DECISION-MAKING TOOL TO ASSIST AIR CARRIERS - BOARD/NO-BOARD ASSESSMENT FOR TRAVELLERS BOARDING A FLIGHT AT A SPECIFIED CANADIAN AIRPORT

Note: this is a general decision-making tool and does not supersede any requirement or obligation outlined in Transport Canada’s Interim Order or the Public Health Agency of Canada’s Emergency Orders.

ANNEX E - TEMPORARY EXEMPTION REQUEST FOR PASSENGERS DUE TO MEDICAL INABILITY TO BE VACCINATED

TEMPORARY EXEMPTION REQUEST FOR PASSENGERS DUE TO MEDICAL INABILITY TO BE VACCINATED

A. Instructions for Passengers

The person requesting a temporary exemption due to medical inability to be vaccinated must submit a completed copy of this form in its entirety to the carrier/operator. All pages must be reviewed and completed by the person to be exempted and/or the requester, as well as by the required medical doctor or nurse practitioner.

This exemption form must be completed in full and submitted to the carrier/operator for approval prior to departure in accordance with the operator's requirements (up to 3 weeks in advance). Passengers may also be asked to provide the completed exemption form any time Proof of Vaccination is required (e.g. at time of booking, at check-in, before boarding, etc.). Please consult specific carrier/operator instructions when booking your travel. Carriers/Operators will approve exemptions at their sole discretion.

In addition to any other accommodation measures that could be required by the carrier/operator, passengers with an approved temporary exemption will also need to present to the carrier/operator results of COVID-19 molecular test taken:

- Within 72 hours of the passenger's scheduled departure time, where the result is negative, or
- At least 10 days before but not more than 180 days prior to the traveler's scheduled departure time (traveler eligible to travel on day 11), where the result is positive.

B. Person To Be Exempted

Please provide the following concerning the person for which a temporary exemption is requested:

First Name: _____ Last Name: _____

Civic Address: _____

Has a previous temporary exemption request been made for this person? _____ (yes/no)

If yes, please provide details (date, name of carrier/operator)

Was the temporary exemption approved? _____ (yes/no)

C. Requester's Information

If the requester is different than the person to be exempted, please complete the following:

First Name: _____ Last Name: _____

Civic Address: _____

D. Travel Information

Please provide the following travel details for the person for which a temporary exemption is requested:

Date of Departure: _____ Departure City/Airport _____

Destination: _____

Travel code (flight/train number, vessel name) _____

E. Exemption Letters/Medical Notes

If the person has a Provincial/Territorial exemption letter, please complete box E, but not F.

Does the person possess a medical exemption **letter** or **credential** from a Province or Territory, or from a medical doctor or nurse practitioner licenced to practice in Province or Territory? Yes No

(If No, move to box F. If Yes, move to box G.)

Name of Province/Territory _____

Date of Medical Exemption Letter or Credential (yyyy/mm/dd): _____

Issuing Authority (Name of Physician/Nurse Practitioner/Public Health Unit): _____

F. Confirmation by Canadian Medical Doctor Or Nurse Practitioner

I, _____ (full name of medical doctor or nurse practitioner), hereby confirm that the person to be exempted above is unable to be vaccinated due to one of the following reasons:

- Certified medical contraindications to full vaccination against COVID-19 with an mRNA vaccine, as based on the recommendation of the [National Advisory Committee on Immunization](#). The following are certified medical contraindications as of October 22, 2021:
 - (i) A history of anaphylaxis after previous administration of an mRNA COVID-19 vaccine (and noting that most people who experienced a severe immediate allergic reaction after a first dose of an mRNA COVID-19 vaccine can safely receive future doses of the same or another mRNA COVID-19 vaccine after consulting with an allergist or another appropriate physician); and/or
 - (ii) A confirmed allergy to polyethylene glycol (PEG) which is found in the Pfizer-BioNTech and Moderna COVID-19 vaccines (Note that if a person is allergic to tromethamine which is found in Moderna, they can receive the Pfizer-BioNTech product).

Condition is (circle one): Permanent | Temporary (*expected recovery date*) _____

- Medical reasons for delay of full vaccination against COVID-19 as described by the National Advisory Committee on Immunization. As of October 22, 2021, this may include:
 - (i) A history of myocarditis/pericarditis following the first dose of an mRNA vaccine; and/or
 - (ii) An immunocompromising condition or medication that requires waiting to vaccinate when immune response can be maximized (i.e., waiting to vaccinate when immunocompromised state or medication is lower).
- A medical condition precluding full vaccination against COVID-19 (not covered above), as briefly described. For privacy reasons, please only include information related to why the medical condition precludes full vaccination.

Condition is (circle one): Permanent | Temporary (*expected recovery date*) _____

Signature: _____ Full Name: _____

Date: _____ Civic Address: _____

Provincial Certificate/License Number: _____

ANNEX F- TEMPORARY EXEMPTION REQUEST FORM FOR PASSENGERS DUE TO RELIGIOUS BELIEF

A. Instructions for Passengers

The person requesting a temporary exemption must submit a completed copy of this form in its entirety to the carrier/operator. All pages must be reviewed and completed by the person to be exempted and/or requester, as well as by the required Commissioner of Oaths.

This exemption form must be completed in full submitted to the carrier/operator for approval prior to departure in accordance with the operator's requirements (no less than 3 weeks in advance). Passengers may also be asked to provide the completed exemption form any time Proof of Vaccination is required (e.g. at time of booking, at check-in, before boarding, etc.). Please consult specific carrier/operator instructions when booking your travel. Carriers/Operators will approve exemptions at their sole discretion.

In addition to any other accommodation measures that could be required by the carrier/operator, passengers with an approved temporary exemption will also need to present to the carrier/operator results of COVID-19 molecular test taken:

- Within 72 hours of the passenger's scheduled departure time, where the result is negative, or
- At least 10 days before but not more than 180 days prior to the traveler's scheduled departure time (traveler eligible to travel on day 11), where the result is positive.

B. Person To Be Exempted

Please provide the following concerning the person for which a temporary exemption is requested:

First Name: _____ Last Name: _____

Civic Address: _____

Has a previous temporary exemption request been made for this person? _____ (yes/no)

If yes, please provide details (date; name of carrier/operator)

Was the temporary exemption approved? _____ (yes/no)

C. Requester's Information

If the requester is different than the person to be exempted, please complete the following:

First Name: _____ Last Name: _____

Civic Address: _____

D. Travel Information

Please provide the following travel details for the person for which a temporary exemption is requested:

Date of Departure: _____ Departure City/Airport _____

Destination: _____

Travel code (flight/train number, vessel name) _____

E. Religious Belief(s)

Please provide the requested information concerning your sincere religious belief.

Note, leaders and members of a number of religions and religious denominations (e.g., Islam, Roman Catholicism, Judaism, Greek Orthodox, Mennonites, Jehovah's Witnesses, Christian Science) have released public statements indicating their support for the COVID-19 vaccine specifically in the interest of public health.

Name of Religion/Religious denomination (if applicable): _____

Detailed explanation within the text box of how your sincere religious belief precludes an ability to be vaccinated:

F. Requester's Oath Or Solemn Affirmation

I hereby make oath or solemnly affirm and say that I am/or the person for which the exemption is requested is unable to be vaccinated because of a sincere religious belief(s).

I hereby make oath or solemnly affirm that all information included in this form is true and accurate.

Signature: _____ Full Name: _____

Date: _____ Location: _____

G. Signature of Commissioner Of Oaths

The following is to be completed by a Commissioner of Oaths:

SWORN OR SOLEMNLY AFFIRMED before me at: _____ (Municipality)

in _____ (Province, State, or Country) on _____ (Date)

Signature: _____ Full Name: _____

Note: this form is valid for the return trip only.

H. Acknowledgement - False Or Misleading Information

I acknowledge that it is an offence under section 131 of the [Criminal Code](#) to make a false statement under oath or solemn affirmation, by affidavit, solemn declaration or deposition or orally, knowing that the statement is false. It is further an offence under section 366 of the [Criminal Code](#) to make a false document, knowing it to be false.

As per the applicable Transport Canada Order, a person who provides information to a carrier/operator that is known to be false or misleading may also be subject to an administrative monetary penalty or other enforcement action, including prosecution.

I. Personal Information

Your privacy is important. Personal information you provide in this form will be used for the purposes of determining the qualification of the person identified on this form for temporary exemption from the requirements of the applicable Transport Canada Order. Please note that the Carrier/Operator is subject to applicable privacy legislation with respect to the handling of your personal information. The personal information in this form may be provided to and used by Transport Canada for the purpose of audit and enforcement. The Minister of Transport may collect this personal information pursuant to the applicable legislation, under the [Aeronautics Act](#), [Railway Safety Act](#) or [Canada Shipping Act, 2001](#).

In the event that any personal information is provided to Transport Canada, it will only be used and disclosed by Transport Canada in accordance with the Privacy Act and its regulations. The personal information collected, as well as its use, disclosure and retention is described in the personal information bank numbered TC PPU 015, for civil aviation, and other applicable personal information banks ("PIB") for other modes of transportation, which are currently being developed and/or modified, and will be published on Transport Canada's Info Source page (<https://tc.canada.ca/en/info-source>). In the interim, please visit the following website for more information: [COVID-19 information for travellers within Canada](#). Under the provisions of the Privacy Act, individuals have the right of access to, correction of and protection of their personal information. Instructions for obtaining personal information are provided in Info Source, a copy of which is available in major public and academic libraries or online at <http://www.infosource.gc.ca>. Individuals who wish to exercise their right to complaint under the Privacy Act about the handling of their personal information may do so by filing a complaint with the Office of the Privacy Commissioner. For information on how the Carrier/Operator processes your personal information, please visit their applicable privacy policy or contact them directly.

J. Exemption Authority Statement

Please note that any exemption granted in accordance with the applicable Transport Canada Order is only for the purposes of travel within or out of Canada. Any traveller entering Canada by any mode is still subject to all border entry requirements including quarantine requirements imposed under the *Quarantine Act*.

ANNEX G - TEMPORARY EXEMPTION REQUEST FOR PASSENGERS DUE TO ESSENTIAL MEDICAL SERVICES OR TREATMENT

A. Instructions for Passengers

The person requesting a temporary exemption must submit a completed copy of this form in its entirety to the carrier/operator. All pages must be reviewed and completed by the person to be exempted and/or the requester, as well as by the required medical doctor or nurse practitioner.

This exemption form must be completed in full and submitted to the carrier/operator for approval prior to departure in accordance with the operator's requirements (up to 2 weeks in advance). Passengers may also be asked to provide the completed exemption form any time Proof of Vaccination is required (e.g. at time of booking, at check-in, before boarding, etc.). Please consult specific carrier/operator instructions when booking your travel. Carriers/Operators will approve exemptions at their sole discretion.

In addition to any other accommodation measures that could be required by the carrier/operator, passengers with an approved temporary exemption will also need to present to the carrier/operator results of COVID-19 molecular test taken:

- Within 72 hours of the passenger's scheduled departure time, where the result is negative, or
- At least 10 days before but not more than 180 days prior to the traveler's scheduled departure time (traveler eligible to travel on day 11), where the result is positive.

B. Person To Be Exempted

Please provide the following concerning the person for which a temporary exemption is requested:

First Name: _____ Last Name: _____

Civic Address: _____

Has a previous temporary exemption request been made for this person? _____ (yes/no)

If yes, please provide details (date, name of carrier/operator)

Was the temporary exemption approved? _____ (yes/no)

C. Requester's Information

If the requester is different than the person to be exempted, please complete the following:

First Name: _____ Last Name: _____

Civic Address: _____

D. Travel Information

Please provide the following travel details for the person for which a temporary exemption is requested:

Date of Departure: _____ Departure City/Airport _____

Destination: _____

Travel code (flight/train number, vessel name) _____

E. Confirmation by Canadian Medical Doctor Or Nurse Practitioner

I, _____ (full name of medical doctor or nurse practitioner), hereby confirm that the person to be exempted above is travelling for the purpose of obtaining essential medical services or treatment, as briefly described.

Date(s) of appointment for which travel is required _____

Name and civic address of medical facility: _____

Does this passenger require an escort/companion traveller? Yes No

Name of escort/companion traveller _____

Signature: _____ Full Name: _____

Date: _____ Civic Address: _____

Provincial/Territorial Certificate/License Number: _____

F. Requester's Attestation

The following is to be completed by or on behalf of the person requesting a temporary exemption:

I hereby certify that I am/or the person for which a request is made to travel for the purposes of obtaining essential medical services or treatment:

Signature: _____ Full Name: _____

Date: _____ Civic Address: _____

G. Acknowledgement - False Or Misleading Information

I acknowledge that it is an offence under section 366 of the [Criminal Code](#) to make a false document, knowing it to be false.

As per the applicable Transport Canada Order, a person who provides information to a carrier/operator that is known to be false or misleading may also be subject to an administrative monetary penalty or other enforcement action, including prosecution.

H. Personal Information

Your privacy is important. Personal information you provide in this form will be used for the purposes of determining the qualification of the person identified on this form for temporary exemption from the requirements of the applicable Transport Canada Order. Please note that the Carrier/Operator is subject to applicable privacy legislation with respect to the handling of your personal information. The personal information in this form may be provided to and used by Transport Canada for the purpose of audit and enforcement. The Minister of Transport may collect this personal information pursuant to the applicable legislation, under the Aeronautics Act, Railway Safety Act or Canada Shipping Act, 2001.

In the event that any personal information is provided to Transport Canada, it will only be used and disclosed by Transport Canada in accordance with the Privacy Act and its regulations. The personal information collected, as well as its use, disclosure and retention is described in the personal information bank numbered TC PPU 015, for civil aviation, and other applicable personal information banks ("PIB") for other modes of transportation, which are currently being developed and/or modified, and will be published on Transport Canada's Info Source page (<https://tc.canada.ca/en/info-source>). In the interim, please visit the following website for more information: [COVID-19 information for travellers within Canada](#). Under the provisions of the Privacy Act, individuals have the right of access to, correction of and protection of their personal information. Instructions for obtaining personal information are provided in Info Source, a copy of which is available in major public and academic libraries or online at <http://www.infosource.gc.ca>. Individuals who wish to exercise their right to complaint under the Privacy Act about the handling of their personal information may do so by filing a complaint with the Office of the Privacy Commissioner. For information on how the Carrier/Operator processes your personal information, please visit their applicable privacy policy or contact them directly.

I. Exemption Authority Statement

Please note that any temporary exemption granted in accordance with the applicable Transport Canada Order is only for the purposes of travel within or out of Canada. Any traveller entering Canada by any mode is still subject to all border entry requirements including quarantine requirements imposed under the Quarantine Act.

ANNEX H: TRAVELLING TO ATTEND A MEDICAL APPOINTMENT WITHIN CANADA

Government of Canada COVID-19 response

The Government of Canada has put in place several layers of measures to limit the spread of COVID-19, including the introduction of a mandatory vaccination requirement for all travellers who are travelling within Canada. There are a few limited exceptions to this requirement, which includes travelling to attend a medical appointment.

I'm unvaccinated and need to travel for an appointment. What does this mean for me?

If you are a Canadian citizen, permanent resident, or a person registered under the *Indian Act*, you will still be able to travel within Canada to attend a medical appointment if you are not fully vaccinated. However, you will be required to present a valid COVID-19 test result to board the flight.

Do I need proof I'm travelling for a medical appointment?

Yes. Travellers that are unvaccinated and travelling for a medical appointment will need to submit a form to the air carrier at least 14 days prior to their scheduled flight. Either a medical doctor or nurse practitioner **must** sign the form and receive confirmation from the air carrier for this travel. Should you need an escort or travel companion, these individuals will be allowed to travel with you. They – and you - will need a valid COVID-19 test result, if travelling unvaccinated.

Contact your air carrier to get this form. The air carrier will approve or deny your request based on the information provided. Once approved, your form will be valid for your return trip home as well. Many air carriers have approval forms posted these on their websites:

[Air Canada – Travel Ready Hub](#) or [Westjet Travel Information](#)

What if my appointment is less than 14 days from now?

You are encouraged to plan ahead as much as possible if travelling for a medical appointment. However, if there are unforeseen circumstances you are encouraged to speak to your air carrier to see if they can process your request in a shorter timeframe.

Do I need to fill out a form each time?

Yes, unvaccinated travellers must complete this process each time they need to fly to a medical appointment from a specified airport in Canada, unless transiting from or returning to a remote community, in which case a different process may apply. Unvaccinated residents in Canada who must travel by air or train are strongly encouraged to get vaccinated for their own safety and the protection of those around them.

Please visit travel.gc.ca for more details.
